He again circled the bases in the eighth, when Delmas missed his grounder up against the grandstand, and Suess kicked Vashinder's roller in the solar plexus, apparently making the run which gave the game to Boise. At least, that is the way it looked to many in the grandstand, judging from the remarks which flew around. These did not redound to the general utility man's character or personality, but his time was to come to be a man instead of a mouse.

Fans Made Happy

Fans Made Happy.

And it occurred in the ninth Haynes punched a few holes in the ambient and "Slugger" Tozer cracked his third hit of the afternoon. Then came Suess's great chance and he availed himself of it with a two-base drive over Riggs's head, which scored the big pitcher with the tying rin and the palace of the fans resounded with applause for the play. The next two men were easy outs.

Toger had the Farmers at his mercy in their half of the tenth and Sait Lake came in to take another look at the elongated Vasbinder. O'Brien and Thornton found him had dope and went back to the bench, and it was up to Captain Leahy. Tommy gave Vas a flash from those goo-goo eyes, made a few hypnotic passes with his club and walked to first.

German's Undoing. German's Undoing.

German's Undoing.

And right here came the German's undoing. Eddle Hahn, formerly of the sage brush country around Eureka, who has been performing great stunts in the club swinging line the past few games, was then urgently pleaded with to slam the sphere out of the lot. Eddle smiled and thought a little two-base bingle would be entirely satisfactory, so he unwound on a fast shoot and out went the ball to Steltz in right field while Leahy started on a whirlwind sprint around the sacks. Just as Steltz got up to the ball he slipped on the damp grass and did a slide for life, while the ball continued on to Hammond, who emulated his team mate's feat and by that time the fleet Captain Leahy had spun over the plate with the coveted run.

Game a Peaceful One.

The game was as peaceful as a balmy summer evening, doubtless owing to the fact that police headquarters were practically moved down to the park for the afternoon—the gentlemanly guardians of the peace appearing in their neat Sunday togs and looked real smart as they thoroughly enjoyed their outing.

L'mpire Setley also was quite calm and went through his part of the programme with great credit, his decisions on balls and strikes being excellent. The score:

Echoes of the Game.

Bert Schils and Dicky Knox came into olilsion over a mix-up in the fourth over collision over a mix-up in the fourth over Jack Thornton's short fly to center, which resulted in Knox's retirement from the game and the substitution. It was a hit over the second bag and Schils, Knox and Hammond all started for it, running at full speed. Just as Schils nabbed the ball Knox hit him like a battering ram and both men dropped for the count. Dr. Beer was called to the rescue and it was decided that Knox was in no condition to continue. Schils came out of the mix-up all right and remained in the game. Knox got a bad jolt under the heart and both legs were strained. got a bad jon under legs were strained.

Yesterday was Jake Greenewald's birth any and he concluded to celebrate the event by taking a trip to the ball grounds and see if he could not mascot the club to victory. Jake always carries a horse-shoe along in his pocket for luck and has the distinction of not attending a game this season where Salt Lake falled to this season where Sait Lake tand-win. His "dope" certainly came true

The double play executed by Eddle Hahn and O'Brien in the fourth disposed of Boise's chances at a critical point of the game.

SMELTER MEN VICTORS.

Murray Nine Defeats Park City by Score of 9 to 3.

Special to The Tribune.

PARK CITY, Utah, May 28 -- Three costy errors, dumb base running and wild pitching lost the game for Park City this afternoon by a score of 9 to 3. The game was the second of a series between Park City and Murray and 800 were bound to see Park City and Murray and 800 were bound to see Park City clean up the smelter crowd. At the start off it looked as if this would be the case, as a fast unassisted double play Gates to Clark and a hot liner to Mead retired the side in one, two, three order. Then Bradley came to the bat and knocked out a three-bagger, but was put out at the home plate as a result of dumb base running. This was the end of Park City's dream of victory until the fourth, when a batting raily brought in two runs. Mead struck out twelve men, but evened things up by presenting the visitors with seven free passes and hitting one man. Flashman was tried out at third today, and his errors contributed greatly to Park City's defeat. Heusser pitched a good, stendy game throughout and although he was batted freely he had the quality of support behind him which helped him win his game. The errors chalked up against Murray came at a time when they cost nothing. Bates was back in the game today and played his usual good game. The score: pitching lost the game for Park City this

Eureka Team Is Still Invincible

Champions Add Another Victory to Their List, Defeating the U. C. T. of Salt Lake.

Special to The Tribune. EUREKA, Utah, May 28.-The Eureka champions added another victory to their list today by defeating the United Commercial Travelers' team of Salt Lake in a seven-inning game at the Eureka baseball park. The Eureka team has not met
a defeat during the season of 1905. The
visiting team was, to be more exact, a
strong nine picked from the O. S. L. and
U. C. T. teams of the capital. It was a
good game, replete with brilliant plays,
and the local fans would have liked very
much to have seen it played out, but the
visitors being unable to get an excursion
train, had to leave on the return trip at
3 o'clock, this necessitating the calling of
the game at I o'clock, and this, together
with the cold, disagreeable weather, cut
down the attendance.

Good Work by Chivrell. a seven-inning game at the Eureka base-

Good Work by Chivrell.

Chivrell, the local pitcher, did excellent work throughout the game and only four safe hits are marked up to the credit of the "Travelers." Three of these hits came in rapid succession in the first inning and together with an error let in two runs, but after that there was nothing doing in the visitors camp and as the game proceeded one goose egg after another was added to their side of the score board.

Two Shut-Outs. Two Shut-Outs.

Two Shut-Outs,

Eureka falled to score in the first inning, but in the second King and "Sandy"
McFarland secured walks and "Hoot
Mon" McFarlan sacrificed, and then Chivrell's hit brought in two runs. One mere
run was made by the Miners in the fourth
and another shut-out occurred in the
fifth Pap Worth was bumped hard in
the sixth, when a single, a two-bagger, a
three-bagger, a walk, the hitting of a batter and a couple of errors netted the locals
five runs. Another run made in this inning was ruled out by the umpire because
the coacher did not attend strictly to
business.

New Players in Line-Up.

New Players in Line-Up.

There were new players in the line-up of the Eureka team today taking the places of Hahn and Jensen, who have been loaned to the Salt Lake league team, but these changes did not prevent the Minera from playing a star game. Wall, who played center field for Eureka pulled down two hard ones and won the hearty applause of the fans. Another feature of the game was Weber's throw from left field to the home plate, retiring the side at a very citical moment. The score: EUREKA

TELEPHONE CROWD ROUTED. Defeated by the Soldiers on Fort

Douglas Diamond. The Hell Telephone ball crowd met defeat yesterday at the hands of the Soldiers at Fort Douglas by a score of 11 to 8. When the Bells came up to the bat for the first inning it looked like they were going to take everything, for they hit the soldiers' pitcher all over the field and scored three runs. But their hopes were blasted when the soldiers came after them with such force that six runs were made. The game after the first and second in-nings was fairly good, there being but six runs and these due to wild throws and

BERT DELMAS JUMPS CLUB

Popular Shortstop Does

Not Take Trip. Story Goes That Offer From Coast Is Accepted by

Puts Elders in Bad Plight-Manager Reilly Expected Here To-

Him.

Bert Delmas, the clever and popular shortstop of the Elders, has jumped the team and will join the San Francisco club of the Pacific Coast league, according to all reports last night. At any rate, he did not go north with the Salt Lake bunch last night, who left on the 11:45 train over the Oregon Short Line for Spokane, where they are booked to play a series of five games.

Team Not Surprised.

Deimas has had the intention of leaving for other pastures for some time, and matters came to a head when Muller and Thomas ducked out for the Northwest league. Two days ago a wire came from the coast club, which was evidently satisfactory as he removed some of his ball clothes from the clubhouse at the park. When questioned as to his reasons for taking out his junk, he said that he intended sending them out to be washed. That was a strong enough tip for the other players and they were not surprised when he failed to show up at the train last night.

Was Playing Good Ball. Was Playing Good Ball.

Was Playing Good Ball.

"Dol" was playing good ball here and his work made him a great favorite with the fans. He has already had two trials out on the coast and is said to have failed to make good. However that may be, while everybody is sorry that he took such a course in leaving the team when it was in its present crippled condition, may he have the best of luck. This will leave the Elders in the worst possible shape for the Spokane games, with only "old reliable" Tozer and Durhan in the pitching department, as Jensen was left behind, and two holes in the infield and an outfield such as the fans have seen work.

Reilly Coming Home.

Reilly Coming Home. Manager Rellly wired the magnates yesterday that he would leave on last night's train from Los Angeles, which will not bring him here until Tuesday morning, and he will start for Spokane that night-which means that he will not be there in time for the opening game.

Wright to Join Elders.

While nothing would be given out last evening by Secretary H. O. Shepard in regard to new players, with the exception that "Rasty" Wright of St. Paul, who worked for Boise a while last year, has been ordered to join the Elders at Spokane, his terms having been accepted, it is rumored that Manager Reilly has a short string of players coming on here with him and that favorable negotiations are on with Roy Evans, the star pitcher for the Ogden club a few seasons ago. The local team will probably pick up an infielder called "Kid" Egan, who is now in Helena, and guaranteed to be every bit as good a player as Delmas, whose place he will take.

Met in Ogden. Wright to Join Elders.

Met in Ogden. All the clubs in the Pacific National league met on the train iast night when it reached Ogden, the Lobsters being on their way to Boise for a series of five

Salt Lake will come down to Boise from Spiking and play five games and probably two postponed games and then either remain at Ogden for a series or split up between the Junction City and Salt Lake.

Sait Lake.

President F. M. Plaisted and Financial Manager Cody of the Boise club went north with the team last night. No change will be made in that outfit, and there will be no dickering with the men from outside sources.

LOOP-THE-LOOP. Salt Lake Man Claims to Have Solved

Hard Problem. C. V. Johnson, who has made quite a name for himself in Salt Lake during the last two years in connection with a comlast two years in connection with a combination loop-the-loop and leap-the-gap contrivance, and who it will be remembered came near meeting death while practicing riding down the incline of his contrivance last year in Sait Lake, is now out with a patent on a new arrangement which from all evidences has the loop-the-loop and leap-the-gap question solved. For three years almost day and night Mr. Johnson has given his time to the contriving of the arrangement, but not until about two weeks ago has he completed his plans and secured a patent. Mr. Johnson is not the only one who has attempted to form such a machine, for he has had several competitors, but is the only one who could make any success.
